Joel/Dan,

Here's the additional file.

Also, on behalf of Mercedes I want to make sure that EPA understands that these materials are confidential, and are being submitted to EPA under a request for confidential treatment, and should get the benefit of all applicable FOIA and California Public Records Act disclosure exemptions

With best regards

Subject: MY17 Sprinter OM642 Responses for CARB Q&A

Hello,

Attached, please find Mercedes's answers to CARB's questions related to the MY17 Sprinter OM642.

Please note that answers to some of the questions refer to responses previously provided for the MY14-15 GLK250. These items are marked "Yes" in column G of the "ARB MY17 Sprinter Q&A" sheet of the file. For ease, please refer to the MY14-15 GLK250 Q&A compilation file that was provided in a separate e-mail today ("CARB GLK250 BT Q&A Compilation 161019.pdf").

Answers unique to the MY17 Sprinter OM642 are provided in the attached Excel file either in the "ARB MY17 Sprinter Q&A" sheet or in dedicated sheets added to the file. These items are marked "No" in column G of the sheet "ARB MY17 Sprinter Q&A".

Finally, there are some questions that are not applicable to the MY17 Sprinter OM642 and are marked "N/A" in column G.

Please let me know if you have any questions or comments.

On behalf of Mercedes I want to make sure that ARB understands that these materials are confidential, and are being submitted to ARB under a request for confidential treatment, and should get the benefit of all applicable California Public Records Act and FOIA disclosure exemptions.

Best regards,

Gary
